

# Meeting of Minds XV

Optimising the management of ADHD in adults

This webinar series is initiated, organised, and funded by Takeda.

Takeda's medicines may be discussed during these webinars.

For general adult psychiatrists and primary care practitioners who have recently started to diagnose and treat ADHD in adults.

## INVITATION

Part of this year's Meeting of Minds XV is a series of **4 x 60-minute live broadcasts** (webinars) that will focus on and around the topic of **Optimising the management of ADHD in adults**.

Whilst each broadcast is a stand-alone event, the live broadcasts will 'tell a story' across the series and we encourage you to participate in all four sessions.

Our eminent international faculty will share their expertise and wealth of clinical practice experience on these key topics that relate to diagnosing ADHD in adults, in the presence of comorbid mental health conditions, and how to manage and treat ADHD in adults with the aim of achieving optimal outcomes for patients.

This series of live broadcasts is intended for **general adult psychiatrists** and other healthcare professionals who wish to learn more about ADHD in adults.

**Please join us for this series of educational webinars which will each run from 18:00 to 19:00 CET.**

**21 November 2023**

**Differential diagnosis of ADHD in adults**

Alexandra Philipsen and Peter Mason

**23 November 2023**

**Behavioural addictions and ADHD**

Dan Stein and Gabriele Fischer

**28 November 2023**

**Psychopharmacology of ADHD medications: what's the difference?**

Giovanni Giaroli and Larry Klassen

**30 November 2023**

**Optimising the management of ADHD in adults: Treatment and other considerations**

Kenny Handelman and Joe Johnson
